

2. Fact

It is a fact the primary element in the chemistry of life on earth is carbon-12, and its most common occurrence has the atomic image of 6 electrons, 6 neutrons, and 6 protons which can be numerically distilled to $(-6, 6, +6)$, or 666.

It is a fact the element nitrogen comprises 77.7% of the earth's atmosphere, ⁽²⁻¹⁾ and has the atomic image of 7 electrons, 7 neutrons, and 7 protons which can be numerically distilled to $(-7, 7, +7)$ or 777.

It is a fact these scientific numbers occur in the Bible as follows:

- The count for evening, morning, and day in the Creation on the sixth day is 666. ⁽²⁻²⁾
- The count for evening, morning, and day in the Creation on the seventh day is 777. ⁽²⁻³⁾
- The count on the seventh day in Genesis 2:2-4 is written *seventh day*, *seventh day*, and *seventh day*, or 777. ⁽²⁻³⁾
- It is written in the Bible that Lamech, the father of Noah, lived to be 777 years old and said, *If Cain will be avenged 7 times; truly Lamech 77 times.* ⁽²⁻⁴⁾

- In the Great Flood of Noah there were three 7 day flights of the dove which is 777. ⁽²⁻⁵⁾
- Israel (Jacob) had to wait for his wife Rebecca 7 years, 7 days, and 7 years which can be expressed as 777. ⁽²⁻⁶⁾
- Each of the three annual Jewish pilgrimages are 7 days long. This number then is 777. ⁽²⁻⁷⁾
- Seven trumpets, seven bowls, and seven seals in Revelation reveal the number 777. ⁽²⁻⁸⁾
- The running counts for evening, morning, and day in the Creation added (1+2+3+4+5+6) is 21, or 7+7+7 for each of the three, or 777, 777, 777. ⁽²⁻⁹⁾
- Evening and morning in the Creation is a fixed period of time before day counted 77 on the 7th day, or simply 777 ⁽²⁻³⁾ for evening, morning, and day together.
- There are three annual Jewish pilgrimages with fixed periods of time of 77 followed by a 7 day sacred occasion which can be expressed as (77+7, 77+7, 77+7), or simply 777, 777, 777. ⁽²⁻¹⁰⁾
- Joseph prophesied 77, 77, 77 with 7 fat and 7 lean cattle, 7 fat and 7 lean heads of grain, and 7 years of plenty and 7 years of famine. ⁽²⁻¹¹⁾
- The numbers of Job prophecy 77, 77, 77 with 7 son's birthdays, and 7 annual offerings, 7 days and 7 nights which Job's counselors waited, and 140, or 70 + 70 years as the age of Job. ⁽²⁻¹²⁾
- In Leviticus the Day of Atonement requires seven blood sprinklings from a bull and a goat on the mercy seat, meeting tent, and alter. Together this number is 77, 77, 77. ⁽²⁻¹³⁾
- Jesus' generations in Matthew's genealogy is separated into three sections of 14, 14, and 14, which can be expressed as 7+7, 7+7, 7+7, or simply as 77, 77, 77. ⁽²⁻¹⁴⁾
- King Solomon received 666 talents of gold annually. ⁽²⁻¹⁵⁾

- The calculation for King Solomon totals 6 steps to his throne, 60 queens, and 600 shekels for his soldiers to be 666. ⁽²⁻¹⁶⁾
- The number of the beast in Revelation is 666. ⁽²⁻¹⁷⁾
- The count for evening, morning, and day on the sixth day of the Creation when man was created is 666. ⁽²⁻¹⁸⁾
- A lunar calendar year is based on exactly 12 cycles of the moon around the earth. However, the lunar year drifts behind the solar year each year, until the lunar calendar completes a 33 year lunar cycle and returns to the original position it had in relation to the beginning solar year.
- Jesus was complete at 33 years old when crucified. On that day the sun was eclipsed by the moon.
- There are 33 patriarchs in Jesus' lineage from Adam to David, and there are 33 patriarchs in the lineage from David to Jesus. These two sets of 33 patriarchs complete 66, just as two sets of 33 lunar-to-solar cycles complete 66 lunar years, just as 66 books complete the standard Bible.
- In Luke's genealogy 77 patriarchs are counted from Adam to Jesus, just as evenings and mornings are counted 77 on the seventh day of the Creation.
- Daniel's secret vision of 2300 evenings and mornings was 77 lunar months, because the exact astronomical measurement of the moon's monthly apogee is 29.87, and $2300 / 29.87$ is 77.

The secret vision of Daniel biblically and scientifically testifies to the Face of God with 77 numbers of Jesus, measured with 77 lunar months, 77 generations of evenings and mornings on the seventh day of the Creation, three sets of 77 generations in Matthew's descending to earth genealogy of the Son of Man on the face of the New Testament, and 77 patriarchs in Luke's ascending genealogy of the Son of God, who leads back up to God.

This book testifies to the God-breathed numbers in the Bible, which bind heaven and earth to reveal the Holy Trifecta; EVening, Morning, and

Day, which leads to the fullness of the 4-way God of the cross—the same God who Jesus knew.
