

CHAPTER EIGHT

THE LIKENESS OF GOD

THOMAS: Faith is the only path to truth. I believe mixing faith and reason is like mixing oil and water. There are many things in the Bible that don't make sense. Therefore, I must have hope and trust in my faith, since reason won't save me.

DANIEL: But the cry of those who oppose faith is "Reason Is the Only Path to Truth." I will show you who reason comes from. I will show you why the likeness of God is six steps of reason. I will show you how reason in the Creation fulfills the Only Path to Truth. I will show you what six steps of reason you were created from. You already know when you were created. I will show you where the Bible is structured with the divine reason of God. I will show you the reason that God gave you to reason your way back to Him with—the likeness of divine reason that fulfills your faith.

THOMAS: I always choose my faith over reason; the path to truth.

DANIEL: Divine reason from the Bible will give you greater faith in the literal Word of the Bible. You won't have a conflict between reason and your faith when they become partners. Your faith will increase, when your doubt factor decreases.

THOMAS: Why six days in the Creation, Daniel?

DANIEL: Do you realize that there are only six analytical questions that you can ask about anything?

THOMAS: I never heard that before. What do you mean when you say anything?
